

Case Study Overview

The Besen Group develops private networks case studies from the mobile data industry and develops MVNO case studies from the mobile wholesale industry.

The Besen Group can also develop customized private networks case study or MVNO case study based on its client requirements.

The Besen Group offers each case study on a corporate license basis. The license fee includes one hour telephone consultation with the analyst to explain the methodology and assumptions.

For any questions or license pricing information, please contact us at research@thebesengroup.com.
